Dear Potential Reclaimed Water Recipient,

The Florida Keys Aqueduct Authority is pleased to invite you to Residential Reclaimed Water Day. As we are putting the finishing touches on the reclaimed water system the FKA will be holding our first reclaimed event. Please join us as we provide the most up-to-date information about the system, discuss the connection process and requirements and answer any questions you may have. This is also a great opportunity to sign up for reclaimed water service.

Thanks to the generous support of the South Florida Water Management District there will be no costs to residential customers for meter installation (on existing line) and no base facility charge. Additionally, consumption charges for reclaimed water have been set at 70% of the cost of potable water.

Big Coppitt Residential Reclaimed Water Day

Date: Saturday
August 21, 2010

Location: Big Coppitt Fire Station

Time: 10:00 am – 11:30 am

Not able to attend but want more information? The enclosed reclaimed connection guide is designed to provide the basic information regarding reclaimed water, but should you have any additional questions please do not hesitate to contact Julie Cheon at (305) 295-2178 or jcheon@fkaa.com.
